## Every bit you ever need it to be...

The Key component of the Imaging Industry is the Printer Cartridge. This key consumable is like fuel for your automobile. You need to choose the one that you can afford and which keeps the machinery in proper condition.

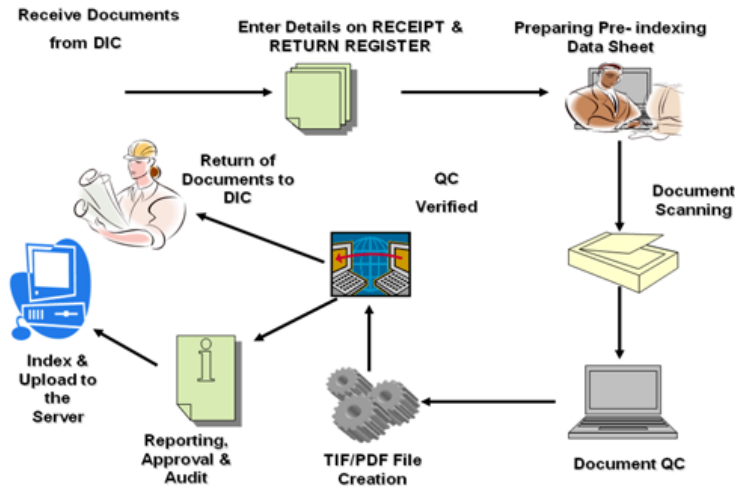

You can make your money run that extra mile by re-cycling.

Our Services include :

- Cartridge Supply
- Refilling
- Remanufacturing / Recycling
- Managed Print Services
- Equipment rental
- Comprehensive Cost per Page Options
- Annual Maintenance Contracts
- Digitization, Indexing, Archival and Retrieval
- Security Printing
- Variable Data Printing
- Outsourcing / Job Work

Through our OEM and Non-OEM partners we are able to deliver the best offerings in the industry to your doorstep, while ensuring the best quality and affordable prices at every step of the way.

### SCANNING & INDEXING WORK FLOW

## Digitization

In todays digital World, Digitization, Archival, Retrieval and Document Workflow Management are key to an organisations adaptability, reactiveness and productivity

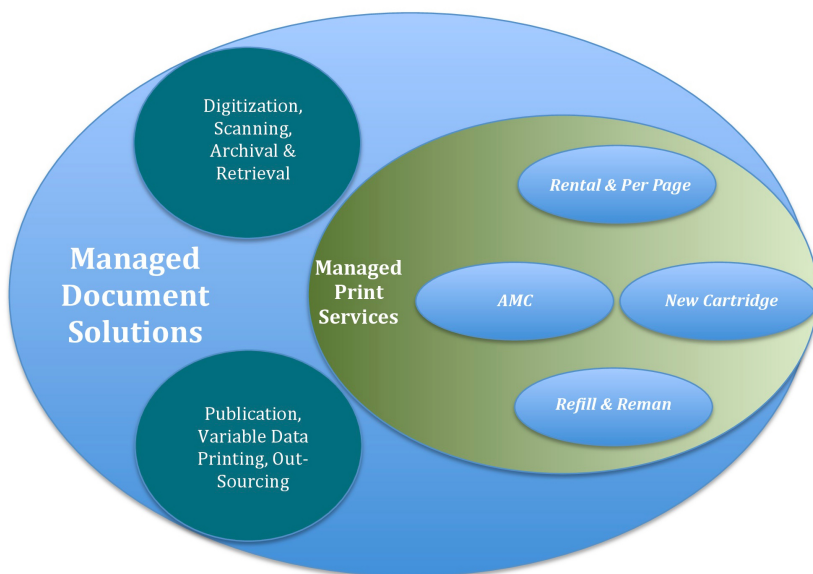

## Managing your Print Fleet and Recycling Needs

Printing costs can amount to a lot if not checked. Starting from the cost of the cartridge, to refilling, to frequent paper jams and lack of maintenance.

Managed well, can increase productivity.

Printing is the basic part of Managed Document Solutions !!  
Choosing a right partner to cater to your New and Recycled Cartridge is the key to ensuring quality, sustainability and saving.
